WHO ARE WE?

No need to import EPAL Paletts anymore

CKJ SARL is a company specializing in wood processing and the manufacture of pallets. Based in FIFINDA 2 (KRIBI) in the South Region of Cameroon, we operate both nationally and internationally thanks to our NIMPI5-certified pallets, which comply with the international standard for the phytosanitary treatment of wooden packaging intended for transport and trade. As such, and thanks to the expertise of our international partners, our pallets meet all current requirements, guaranteeing: safety, quality and regulatory compliance for both the international and local markets, for which we also manufacture standard pallets.

OUR SERVICES

For our pallets compliant with the NIMPI5 international standard.

The types of wood and species used are specifically :

- Whitewood: Aiele, Ekouk, Frake, Okoumé;
- Red wood: Bidou, Sambi, Red Ekop;

Moisture content between 15% and 20%

ABOUT OUR WORKSHOPS

AN ENGAGED AND RESPONSIBLE GROUP

CKJ SARL is an engaged and responsible group committed to Corporate Social Responsibility (CSR), which guides everything we do, which guides all our actions and affirming our determination to be actively involved in building a longlasting future.

We are therefore proud of our holistic approach, which involves implementing responsible forest management practices by prioritizing the use of wood offcuts for standard pallets and wood sources from controlled and sustainable resources for NIMPI5-certified pallets.
